GHS/OCD Host ICS-300 & 400 Trainings

The Offices of Guam Homeland Security and Civil Defense (GHS/OCD), in conjunction with the Defense Coordinating Element (DCE), will host two Incident Command System (ICS) training opportunities at the DCE Tactical Operation Center, Santa Rita Complex Bldg. 4179, 8 a.m. – 5 p.m., Monday, June 21 through Friday, June 25, 2021.

The two courses are ICS-300: Intermediate ICS for Expanding Incidents and ICS 400: Advanced ICS Command and General Staff.

ICS-300 and ICS-400 provide training for personnel who require advanced application of the Incident Command System. These comprehensive courses expand upon information covered in the ICS-100 and ICS-200 courses. Topics include describing how the National Incident Management System Command and Management component supports the management of expanding incidents, the incident/event management process for supervisors and expanding incidents as prescribed by ICS, the incident management process on a simulated expanding incident, and developing an Incident Action Plan for a simulated incident.

Attendees for the courses include emergency management personnel and community volunteers from the government of Guam, federal, military, private, and non-profit organizations and senior personnel who may assume a supervisory role in expanding emergency incidents and who are expected to perform in a management capacity at an incident or event.

For registration details, contact Jeffrey.Barone@fe.navy.mil.

For media inquiries, contact GHS/OCD Public Information Officer, Jenna G. Blas at (671) 478-0208 or via email at jenna.g.blas@ghs.guam.gov.
